

## Automotive Group Review of 2025.

A quick recap of 2025 saw a good selection of activities:

- Lunch at the CB Inn with our partners
- A trip to the Yorkshire Air Museum with colleagues from the Photography and Science groups
- A Dales drive to Hardraw for lunch at the Green Dragon
- Attendance at the Dalemain Classic car show c/o Teesdale Motor Club
- Action and excitement at the Battle of Britain race day at Croft with Photography Group
- Locomotive power at Hopetown "Titans of Steam"
- A visit to Carrosserie at West Auckland to see skilled restoration of modern and classic cars

Thanks are due to members who drove for the group and organised trips. And to all who joined in. Showing up is an underrated quality!

No meetings are planned for December and January so the next date for your (new) diaries is **Tuesday 17th February**, 10:30 to noon at our usual venue.

We shall try for a 'cobweb' run up to the **Solway Aviation Museum** in April, perhaps treating ourselves to a refreshment break at The Nook Farm Shop & Cafe near Slaggford.
