

# DISCUSSION GROUP

## January 2019 Meeting

Our items of news included: Smart meters; the history of Good King Wenceslas; facts about various models of cars; Truth, particularly re Brexit (none); obsolescence; and trading on the High Street.

Our main discussion centered on **Fake News**. For once we didn't veer off subject and it was all very interesting but far too complex for me to tell you what was said.

Our next meeting will be on Friday 8th February 2019 when our main topic will be **Sexual Equality**. New members are always welcome so if you would like to join us, please give me a ring on 01833 631639

Glen Howard
