

DISCUSSION GROUP

February 2019 Meeting

We covered a lot of different topics this month including: walking groups; a new path being created on the old railway line; the Warcop 2.5 mile circular train ride restarting on Sundays at the beginning of April and well worth visiting; NHS fraud; airlines refusing to honour tickets sold by their agents; difficulties of renewing your driving licence on line; and the suggestion that £10 be added to the rates for the Witham.

Our main discussion was to be on **Sexual Equality** but we broadened this to cover all aspects of the Equality Act 2010 which incorporated a lot of earlier legislation on various areas of equality such as gender, pay, race etc. It's amazing how much information is available within a small group!

Our next meeting will be on Friday 8th March 2019 when our main topic will be **Ethical Trading**. New members are always welcome so if you would like to join us, please give me a ring on 01833 631639

Glen Howard
