

## DISCUSSION GROUP

MAY 2019

Our items of news included the sacking of Danny Baker; the proposed cycle ride through Teesdale and elsewhere in the autumn; the suspension of some MPs credit cards; moving the Buttermarket to the Bowes Museum; the fact that we all want to belong somewhere; and the setting up of a department at Cambridge University to study climate change.

The main topic for discussion was BB – AB Brexit? which had been chosen when it was still believed that we were leaving the EU at the end of March. Little did we know .... We had a very good exchange around this subject and the forthcoming European elections but we all felt let down by our politicians who had made our country a laughing stock.

Our next meeting will be on Friday 14<sup>th</sup> June when our main subject for discussion will be **Going Cashless**. New members are always welcome and if you would like to join us please give me a ring.
