

DISCUSSION GROUP

JULY 2019

Almost a full house this month so topics raised were very varied: the opening of an autism-friendly golf club session in Durham; whooping cough in Gainford; the proposal that all policemen should go to university; poor families can't afford to buy toys (in our day if you couldn't afford something you just went without); the materialistic society in which we live; and youth clubs.

Our discussion on the prison service was wide-ranging and covered sentencing; conditions and discipline.

We will not be meeting in August so our next meeting will be on 13th September when it was decided that "**witchcraft**" would be an appropriate subject for that date! New members are always welcome so do get in touch if you would like to join our group..
