

DISCUSSION GROUP

SEPTEMBER 2019

Quite a leisurely meeting this month. General topics discussed included: Jack Russell dogs (particularly that recently introduced to Downing Street); teachers to get extra hep to tackle rowdy behaviour; and the unwatchability nowadays of Question Time.

Our main topic was “Witchcraft”, but we did not cast any spells. Instead we talked about the long history of witches and the belief that they could inflict harm on others. Are they still believed in? Well Harry Potter was very popular!

Our next meeting will be on Friday 11th October when, to reflect two of our members going on the U3A holiday to London, our main topic will be LONDON. New members are always welcome so do get in touch if you would like to join our group..
