

DISCUSSION GROUP

NOVEMBER 2019

It was a very mixed bag of news items discussed this month: extinction rebellion; life span / expectancy; motorhome kitchens; brainwashing of children at school and modern poverty.

Our main topic was words and their different meanings. We had all thought of at least six different words that had more than one meaning and there was only one of them that was on more than one person's list. We thought of a number of extra meanings for many of the words as well as coming up with additional words. We had a very enjoyable time.

Our next meeting will be on Friday 13th December when our main topic will be **Trademarks**. New members are always welcome so do get in touch if you would like to join our group.
