

DISCUSSION GROUP

DECEMBER 2019

We met the day after the general election but made a conscious decision not to discuss that. Instead we talked about the proposed closure of the gates to the Bowes Museum at night; elderly people being knocked down by cars and driving tests.

The importance of trademarks and their longevity proved interesting as our main topic of discussion.

Our next meeting will be on Friday 10th January 2020 when our main topic will be **Equality**. New members are always welcome so do get in touch if you would like to join our group..
