

DISCUSSION GROUP

FEBRUARY 2020

Items in the news that had sparked our interest included: the novel *American Dirt*; the mental health of farmers; HS2; climate change; the caste system in India; and coronavirus.

Our main topic for discussion was *The Monarchy* which brought forth some lively debate including the gunpowder plot, the Victorian and Edwardian eras as well as more modern times.

Our next meeting will be on Friday 13th March 2020 when our main topic will be **The Role of the House of Lords**. New members are always welcome so do get in touch if you would like to join our group..
