

DISCUSSION GROUP

AUGUST 2023

There were a few members missing this month but we had very good discussions of a wide variety of topics including: sat navs v eyesight; the way places change; the delay to students being given their final grades this year; the future of retail; passengers on space flights; the recent local murder; 20mph speed limit on side roads; and policing.

Our next meetings will be on Friday, 8th September and 13th October, 10.15am at Andalucia's. If you would like to join us, please get in touch.
