

NEEDLECRAFT

NOVEMBER 2024

Knitting was much in evidence this month, but also some crochet and patchwork. We all find it very relaxing to sit with others whilst we work. I won't say it is quiet because we do chat but not noisily. Amongst other topics we talked about broadband providers and the pitfalls of changing supplier, making Christmas decorations, and roadworks.

Our next meeting will be on Monday 2nd December when we will look at making Christmas trees. New members are always welcome and you certainly don't need to be an expert to join us, just enjoy stitching with like-minded folk. Please give me a ring if you are interested.
