

## NEEDLECRAFT

DECEMBER 2024

In a break from our norm, most of us participated in a workshop to make a Christmas tree. All the preliminary hard work had been done by one of our members so we all found it relatively easy to make.

Our next meeting will be on Monday 3<sup>rd</sup> February 2025. New members are always welcome and you certainly don't need to be an expert to join us, just enjoy stitching with like-minded folk. Please give me a ring if you are interested.
