

**4-6 Mile Walking Group
Newsham and Barningham Moor 5.4 miles
Tuesday, 13 August**

Sandra Duggan

A select group of five walkers set off from Newsham. We walked to Barningham along the corpse way and decided to call in at the bakery (Coghlan's) where we picked up some freshly homemade scones which were later enjoyed at the foot of the Barningham Moor. The heather was in full bloom and the views from the top were good although the sun did not shine. Walking back to Newsham we saw young grouse and young pheasants along the way.
