

4–6-mile Group Walk on Tuesday 10th February.

Tuesday 10th February eight members of the 4-6 walking group gathered adjacent to the Post Office in Barnard Castle.

As we all know there has been a lot of rain in our area and we set off in a slight drizzle. Down to Percy beck to follow the path through the wood that leads to Barnard Castle Golf Club, treading with care due to conditions underfoot, which considering the amount of rainfall was not too slippery.

Crossing the road to walk pass the Red Well spring the rain became heavier and with-it wind.

Upon reaching the bridge beneath the old Bishop to Barny railway line, a brief discussion took place, and all agreed that the walk would be more fun on a drier day. Some folk went home, whilst some adjourned to the Andalusia cafe for some (sprout & cheddar) soup and hot drinks.

Report by Peter Harding.
