

## Wildflower Group – October 2024

Nine group members met up for a GET TOGETHER at Andalucia Deli & Coffee Shop as we don't meet up in the winter months for obvious reasons. Though there are a considerable amount of garden and wildflowers in bloom so perhaps we should have had a walk or two this year.

We don't have much opportunity to chat as we're busy identifying and discussing wildflowers in bloom. Sometimes we adjourn for refreshments afterwards when there is a Visitor Centre or tea room/cafe in the vicinity. So we had a GET TOGETHER for the purpose of getting to know each other and to put forward suggestions for future wildflower identification walks.

We decided to make the GET TOGETHER an annual event, possibly even doing another before commencing our programme in March 2025.
